

## PROPOSED SCOPE OF R-134a INVESTIGATIONS

The petitioner proposes the following as the scope of the merchandise subject to investigation:

1,1,1,2- Tetrafluoroethane (R-134a, also described as Klea®134a or HFC 134a) or its chemical equivalent. Klea® is a trademark of the petitioner.

The Harmonized Tariff item under which the goods subject to the scope should be imported is: 2903.39.2020 described as “1,1,1,2- Tetrafluoroethane (HFC-134) 3.7% duty rate.”

Note that the HTS number is given only as a reference. Regardless of the HTS number, the written description of the scope is dispositive and controlling.
